Good Morning

We look forward to the meeting scheduled for April 29th from 1:00 - 4:30

at the Raven conference room on the 5th floor of the Federal Building.

To discuss the Wetlands Determination and Functional Assessment with the Native Village of Tyonek and Native American Rights Fund

This meeting will be a Government to Government meeting to impart technical assistance to the Native Village of Tyonek.

The NVT would like to learn as much as possible about the Functional Assessment methodology and also to learn what is already known regarding the Wetlands quality, quantity and functions within the Chuitna Watershed.

Thank you for making the time to attend and offer your expertise to NVT and offer important technical assistance.

Best wishes

Rob Rosenfeld, MA / NARF Consultant
